DETAILED ACTION

I. Action Summary

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/12/2009 has been entered.

2. Receipt of the remarks and amendments filed on January 13, 2010 is acknowledged. The terminal disclaimer filed on January 13, 2010 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 10/597,723 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claims 1, 2, 4 and 12-17 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 3, 6 and 7, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 12/02/2008 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim

Art Unit: 1626

presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Claims 1-4, 6, 7 and 12-17 are now in condition for allowance

II. Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The rejections sent in the Final Office Action have been withdrawn.

Applicants have amended the claims and the prior art does not read on the amended claims. The products and methods as described in the instantly claimed invention are not obvious and are not anticipated by prior art. Therefore, claims 1-4, 6, 7 and 12-17 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

III. Telephone Inquiry

Any inquiry concerning this communication or earlier communications from the examiner should be directed to VALERIE RODRIGUEZ-GARCIA whose telephone

Art Unit: 1626
